

Name :	Subject :Science
Semester: 2 nd	Grade : 1 Int. /
Date :	Final Revision sheets

Q1. Choose the correct answer:

1. (**Heat** – **Sound**) is energy that makes things warm.
2. Gravity moves things (**up** – **down**).
3. (**Time** – **Forces**) can change the way things move.
4. Heat comes from (**cooling** – **burning**) things like wood, oil, or gas.
5. Small vibrations make (**soft** – **loud**) sounds.
6. (**Light** – **Heat**) is a form of energy that lets you see.
7. A (**small** – **big**) push makes an object move faster.
8. Most of the heat on Earth comes from the (**Moon** – **Sun**).
9. The (**Sun** – **Earth**) gives off light and heat.
10. (**Gravity** – **Motion**) is a force that keeps you on the ground.
11. Sound is made when things (**freeze** – **vibrate**).
12. (**Friction** – **Push**) is a force that helps a train to stop.

13. A (**pull** – **push**) moves things away from you.

Q2. Mark (✓) or (X):

1. Light can pass through all objects. (X)
2. You can see sound. (X)
3. A small push can move a heavy object. (X)
4. Different things make different sounds. (✓)
5. If you drop a pencil, gravity makes it comes down. (✓)
6. When light is blocked, there is a shadow. (✓)
7. Friction makes skates go faster. (X)
8. There is only one form of energy. (X)
9. Most light on Earth comes from clouds. (X)
- 10 People use heat to cook. (✓)
11. Energy makes things work. (✓)

Q3. Fill in the blanks from the box:

shadows – Sun – forces – gravity – pull – soft – rub

1. When you rub your hands, they feel warm.
2. Sounds can be loud or soft.
3. When you pull an object, you move it closer to you.
4. Things that block light make shadows.
5. Gravity is the force that pulls things toward Earth.
6. Pushes and pulls are forces.
7. Most of the light on Earth comes from the sun.

Q4. Color the things that give off light.

Lamp

Ball

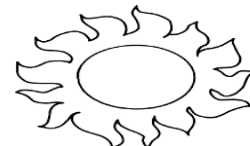

Fire

Candle

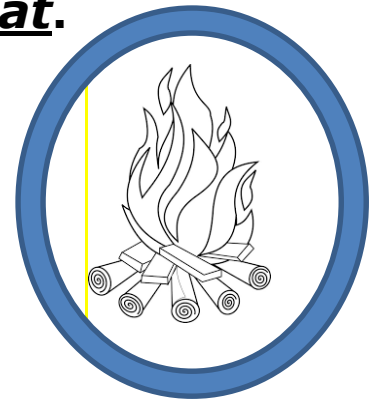

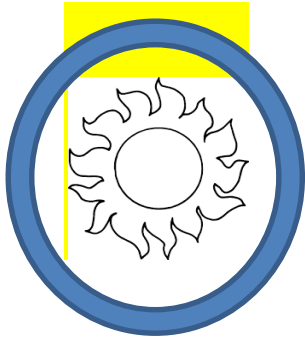

Rubbing

Sun

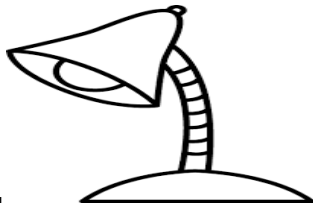

Q5. Circle the things that give off heat.

Q6. Circle the word that tells about each picture:

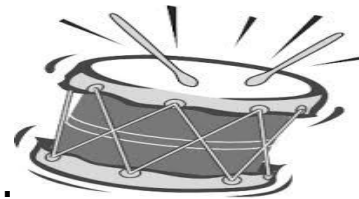

1.

light

sound

2.

heat

sound

3.

electricity

heat

4.

shadow

friction

Q7. Answer the following questions:

1. What makes things fall to ground?

_____ Gravity _____

2. What are four forms of energy?

a. _____ heat _____

b. _____ light _____

c. _____ sound _____

d. _____ electricity _____

3. What is the form of energy that lets you hear?

sound _____

4. What is the form of energy that lets you see?

light _____
